

3.3 Environmental Policy

Safetysure is committed to managing the environmental impact of our business processes. Any work carried out within the scope of the Safetysure operations is conducted in an environmentally aware and responsible manner and complies with all applicable regulatory requirements.

This commitment extends to ensuring that operations do not unnecessarily endanger flora, fauna, sensitive areas, sites of heritage importance, or present concerns to public and community members. Safetysure is committed to:

- » Promoting environmental awareness within the company and encourage workers to work in an environmentally responsible manner.
- » Continually improving our practices to prevent pollution and harm to the environment.
- » Maintaining a framework for setting and reviewing our environmental objectives and targets.
- » Ensuring compliance with all relevant environmental legislation, regulations, codes of practice and other requirements associated with our operations.
- » Training, educating and informing our workers about environmental issues that may affect their work.
- » Minimising waste by evaluating operations and ensuring they are as efficient as possible.
- » Minimising its environmental footprint to prevent pollution.

John Ninness has been appointed as the Management Representative for environmental management. The Management Representative has the full support of Safetysure to establish, implement and maintain environmental management per this manual, AS/NZS ISO 14001:2016 and other applicable regulations, standards, and guidance.
